Dear Patient,

Thank you for choosing us to care for your pregnancy. It is our intention to provide you with the best possible care and make this special time for you as pleasant and informative as possible. We encourage an open and frank relationship. Please take the time to read the attached information sheets that are given to you regarding your pregnancy. These will answer many questions and address the concerns that may arise during your pregnancy. Caring for your pregnancy is a "team" effort and you are an important part of that team. If there is anything to be especially concerned about, we will discuss it at your office visits. Please make a list of your questions or concerns and bring them to each office visit so I can discuss them with you. Of course, if there is anything seriously bothering you, or if you are ill, call our office immediately and our staff will be available to you. Remember, you are a unique individual and each pregnancy can be very different from the others. It is **very very important** to keep all of your appointments. Prenatal tests are coordinated with your office visits.

HOW TO REACH US AFTER OFFICE HOURS FOR EMERGENCIES

CALL THE MAIN OFFICE NUMBER (951) 732 7834. OUR MESSAGE SYSTEM WILL ANSWER.

If you are experiencing a medical emergency, go to the nearest emergency room immediately. Do not wait for a callback. The emergency department will contact Dr. Moola directly.

OR

- **PARKVIEW COMMUNITY HOSPITAL:** 3865 Jackson St, Riverside, CA 92503
- **RIVERSIDE COMMUNITY:** 4445 Magnolia Ave, Riverside, CA 92501

We also invite your "significant other" to join you at your office visits if you wish. This is a special time to be shared.

ABOUT CHILDREN: Because of safety reasons, contagious diseases, and the respect for other clients, we ask that they not be brought to your visit. However, we understand there are times when this is not possible. Please keep them with you at all times and do not leave them in the waiting area.

Once again, we are pleased you have chosen us to be a part of this special time. Please let me know if you have any questions.

Congratulations and best wishes for a healthy, happy pregnancy and baby!
